Good Morning DV ClientTrack Users.

The HMIS team has completed updating all active users to the new "2020 IDV User" workgroup, make sure you log out and log back in, and ensure this is your assigned workgroup going forwa

For users who are inactive, they will need to reach out to the help desk, as the HMIS team conting any requirements to regain/maintain account access.

Also, just a friendly reminder that if you have attended training, either on Skyprep or on site, make sure we have your updated user agreer standards being in effect today.
